CLASS DESCRIPTIONS

Bootcamp

Tough, straightforward muscle work and cardio for lean muscle definition and better body confidence. Uses a variety of strength training devices such as: the bar, bands, exercise balls, and medicine balls. A diverse, sweatin' good time.

BOSU™

An acronym for "both sides up". This class is a multidimensional training class that integrates core strength, balance, coordination, and resistance training in a fun-filled and challenging workout.

Cardio Dance Fit™

Great, fun way to enjoy getting exercise in! We will learn routines to all types of music including: top 40, oldies, disco, country & line dances too. No dance experience necessary. All levels of ability are welcome to attend! Steps can be modified or intensified.

Cross Training Circuit

This intense Studio B class and will do wonders for your endurance while building your muscles. The TRX and Kettlebells will also get a great workout in this class!

Chair Yoga

Perfect for all levels and doshas, chair yoga is a great way to relax from head to toe without the stress of getting out of your chair. This flow is also perfect for those wanting to learn to stretch your body and relieve tension while at work, without leaving your office chair. Open your hips, move your shoulders and neck, and find length in your spine with this chair yoga flow.

Circuit

Participants are coached through stations using various resistance-training equipment: free weights, medicine balls, resistance balls, BOSUs, etc. The class is designed to work your entire body and will introduce you to different exercises and equipment.

Core & More

Floor exercises designed to strengthen your rear and wittle your middle, using some pilates based moves along with stretch, balance and strengthening exercises. All fitness levels welcome, this class is lower impact and great for beginners or those looking for a bit more core and glute work!

Cycling

This class consists of a combination of flats, hills, drills, lifts, and recovery stretches. Both aerobic and anaerobic energy systems are combined to create an awesome training session. Appropriate music is played to help motivate you through the ride.

INSANI TY™

Is a cardio class, based on max interval training. This class will push you past your limits with athletic/plyometric drills mixed with intervals of strength, power, resistance, and core training. No equipment or weights needed. You don't have to be in extreme shape – levels of each exercise are provided. Time to dig deep!

Kickboxing

Get ready to kick, jab and cross punch for a great cardio workout. Weights, jump ropes and bands may also be incorporated in this workout.

H.I.I.T.

A form of interval training with an exercise strategy alternating periods of short intense exercise with less intense recovery periods. Intense cardiovascular exercise that improves athletic capacity and condition. Also improves fat burning and glucose metabolism.

H.I.I.T. Cycle

Say goodbye to your boring cardio routine and say hello to a different take on cardio. High Intensity Interval Training (HIIT) is a form of cardio that alternates between high intensity and low intensity. This constant variation of intensity keeps your mind focused on your time and speed, making your workout more engaging and less boring.

MixFit

Takes group exercise out of The Studio & brings it into The Wellness Center. With lots of cardio and strength options, this trainer-led circuit class targets aerobic fitness and muscular endurance simultaneously.

Pilates

An innovative system of mind/body exercises evolved from the principles of Joseph Pilates. Pilates dramatically transforms the way your body looks, feels and performs. It builds strength without bulk, creating a sleek, toned body. Pilates improves flexibility, agility and economy of motion.

Pound®

Fuses full-body cardio interval training and conditioning with drumming to provide a challenging, heart-pumping workout that gives you the permission to rock using lightly weighted exercise drumsticks, Ripstix.

Power Yoga

Say goodbye to work-week stress. This vigorous class is set to energizing music and designed to tone and sculpt your body. A great supplement to your regular yoga practice, increase strength, endurance & power into the weekend!

Strength, Stretch & Balance

A perfect fit for the beginner or anyone looking to improve flexibility and strength, two factors that have been proven to help reduce falls and improve balance

Tone & Pump

is a powerful class that uses a variety of equipment to strengthen and tone all your major groups. It is the closest you can come to a personal training session without paying for one.

Tai Chi

An ancient martial arts discipline that helps the student learn balance and coordination. Also a great class for students with chronic conditions such as arthritis and joint or tissue inflammation, among others. Movements are slow and detailed and follow a predictable progression.

TRX

Born in the Navy SEALs, Suspension Training bodyweight exercise develops strength, balance, flexibility and core stability simultaneously. The focus will be on technique, flexibility, balance, & strength by developing basic foundational exercises through easy-to-follow progressions. Try an "Intro" class if you're new to the format.

TRX TABATA

The High Intensity Interval Training (HIIT) technique of Tabata intervals is used to supercharge your TRX Suspension Training workout. The Tabata technique is to alternate periods of high intensity exercise with short rest periods for a specified number of sets. Constantly challenging yourself is the key to getting results.

Vinyasa Yoga

This creative yoga practice seamlessly links breath to movement. Utilizing Sun Salutations, strength building and connected movements, Vinyasa yoga will build confidence and help you stay present & centered. Flowing around the obstacles that come your way this energetic yoga practice will empower you with the strength to face anything.

Yoga For Every Body

Places the focus of yoga as a healing art which is student centered while remaining deeply rooted of the vast treasury of the spirituality & wisdom within the yoga tradition.

Yoga Nidra

Or "yogic sleep," is the art of conscious, deep relaxation. The body is still, but the mind is awake as an active participant in the relaxation process. During class, you'll lay comfortably while the instructor leads you through a guided meditation, moving through all the energy centers of the body in order to cultivate a blissful state of awareness; much more rejuvenating than ordinary sleep. Suitable for students of all levels, bring blankets for optimal comfort.

ZUMBA®

Ditch the Workout and join the party. A fusion of Latin, American, African and modern music to dance away the calories.

ZUMBA GOLD®

A lower impact Zumba® Class designed for beginners and/or people who are not used to exercising.

AQUA FITNESS CLASSES

Aqua Yoga

Takes the principles and movements of Yoga and adapts them to the water environment. With the release of gravity the body is able to find the optimum stretch. By using the rhythm of the breath an inner sense of relaxation can be achieved

Gentle Joints

This class uses a gentle range-of-motion workout to help people with arthritis improve joint flexibility and decrease pain or stiffness through the warmth, buoyancy and gentle resistance of an aquatic environment

Warm Water Conditioning

Based around the principles of traditional water exercise but done at a lower intensity. Working through full range of motion with light and easy aerobic moves, this class will help increase flexibility and balance with minimal joint stress

Water Fitness

A combination of cardio and strength conditioning with low impact on your joints. Participation in the class will improve cardiovascular endurance and muscle strength
